

Tensiometer

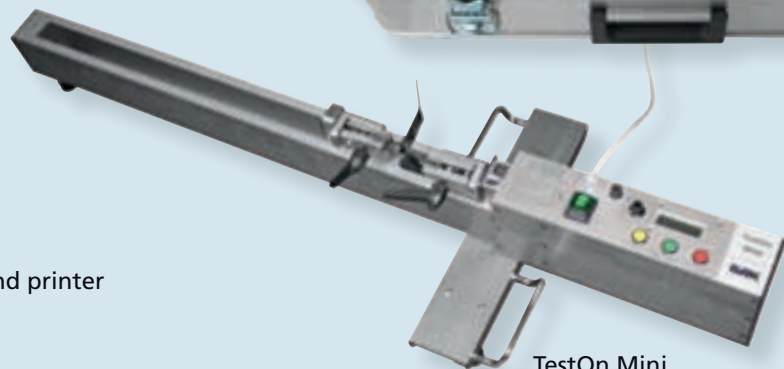

TESTON

Handy, field tested, precise

- for shear- and tensile test
- simple clamp of test material
- digital display
- with integrated recording system and printer
- test speed adjustable

TestOn

TestOn Mini

The tensiometer to test the welding seams.
High precise test result on construction side.

Technical data		TestON	TestON Mini
Voltage	VAC	100–240	100–240
Frequency	Hz	50/60	50/60
Power consumption	W	250	135
Test speed	mm/min	10–100	10–100
Test way	mm	280	500
Max. force	N	2000	2000
Weight	kg	20	10
Protection class I		⊕	⊕
